As Rachel Maddow continues (something like day 5) on her crusade against prolife Christians in Kansas, she interviews former abortionist Kristen Neuhaus. In Kansas an abortionist has to have a "independent", "second doctors opinion" to do abortions on children over 24 weeks. Neuhaus was Tiller's rubber stamp approval. Some actual reasons (from court/clinic records) given for the approval of abortions on children were:

- so that the woman can attend a rock concert
- go to the prom
- compete in that year's rodeo season

Abortionist Won't Do Abortions In Kansas Why?

Listen as this abortionist tells you exactly why she will not do abortions in Kansas.

*"I took precautions (she was in hiding)...I didn't have people at my house."
When a KBI agent came to her house she said, "I thought it was a religious person."
When asked by Maddow if she will ever do abortions again she said, "I am not comfortable in Kansas...to do abortions in Kansas."
"I had to have an underground address."*

Hallelujah! The gates of hell can not prevail against His church...if the church will show up at the gates of hell. - Pastor Mark

***Rachel, the violence and force that you admire, perpetuate, and call "brave" are against the most defenseless of our society, our young children in the womb.
Abortionists and abortion supporters are the most violent people in America today.
You Rachel are a hypocrite.***
